SUBJECT: Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Update

EFFECTIVE DATE: January 1, 2019

*Unless otherwise specified, the effective date is the date of service.

IMPLEMENTATION DATE: January 7, 2019

I. GENERAL INFORMATION

A. Background: The Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Competitive Bidding Program (CBP) was mandated by Congress through the Medicare Prescription Drug, Improvement, and Modernization Act of 2003. The statute requires that Medicare replace the current fee schedule payment methodology for selected DMEPOS items with a competitive bidding process. The intent is to improve the effectiveness of the Medicare methodology for setting DMEPOS payment amounts, which will reduce beneficiary out-of-pocket expenses and save the Medicare program money while ensuring beneficiary access to quality items and services.

The current Round 1 2017, Round 2 Recompete, and National Mail Order (NMO) Recompete CBP contracts expire on December 31, 2018. Due to a delay in announcement of the next round of the CBP, contracts will not be in effect in Round 1, Round 2, or the NMO Competitive Bidding Areas (CBAs) beginning January 1, 2019, resulting in a temporary gap period in the CBP.

B. Policy: During the temporary gap period in the DMEPOS CBP, any Medicare enrolled DMEPOS supplier may furnish any DMEPOS item, including items that were formerly included in the CBP. In addition, payment for all items and services that were included in the CBP are based on the lower of the supplier's charge for the item or fee schedule amounts adjusted in accordance with sections 1834(a)(1)(F) and 1842(s)(3)(B) of the Social Security Act. The fee schedule amounts for items furnished in areas that are CBAs as of December 31, 2018, will be adjusted based on the Single Payment Amounts (SPAs) for each specific CBA, increased by the projected percentage change in the Consumer Price Index for all Urban Consumers (CPI-U) for the 12-month period ending January 1, 2019. These fee schedule amounts will be different than the fee schedule amounts for items furnished in all other non-bid areas, or areas that are not CBAs as of December 31, 2018.

Different fee schedule files will be used to reflect these changes. The normal DMEPOS fee schedule file will be used for all non-bid areas that currently are not included in the CBP. A second fee schedule file will be used to pay claims for items and services that were included in the CBP and are furnished in areas that are CBAs as of December 31, 2018.

The adjusted fee schedule for former CBAs and the former CBA ZIP codes public use files (PUFs) will be available for interested parties shortly after the release of the data files on the CMS website https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/DMEPOSFeeSched/DMEPOS-Fee-Schedule.html

Currently, under the CBP, the following three competitive bidding files are transmitted by the Competitive Bidding Implementation Contractor (CBIC) on a quarterly basis for use in processing CBP claims: the CBA

ZIP code file, the Healthcare Common Procedure Coding System (HCPCS) file, and the CBA pricing file. These files will continue to be transmitted to the contractors for use in paying claims based on the fee schedules for items and services that were included in the CBP and furnished on or after January 1, 2019, in a previous CBA. Because the fee schedule amounts will be different, the following new message will be used to alert suppliers about the difference in payment amounts for items and services that were included in the CBP furnished on or after January 1, 2019 to beneficiaries residing in a previous CBA.

Alert: The fee schedule amount for this service was adjusted based on prior competitive bidding rates. For more information, contact your local contractor.
